

HEART and HOME PROBLEMS

MRS. ELIZABETH THOMPSON

Dear Mrs. Thompson: As I am a girl of 15 I know I am too young to be in love, but as my parents have told me already a few times that they would like to see me married, I will tell you I am in love with a boy 24. He is a very nice man. I know he likes my company. He told me once he wished I was 17 so he could marry me, but I didn't answer him. But I do love him. He asked me a few times to kiss him or let him kiss me. But I didn't let him.

(1) Advise me how can I find out if he likes me or not?

(2) Is it any harm for a girl to call up a boy and talk to him?

(3) Is it any harm for a girl to wear a veil or gloves?

(4) Is it any harm for a girl to go with a boy in some place when the mother doesn't know with whom she went?

S. H.
(1) Dear little girl, you are not physically fit to marry, no matter what your parents say. If they don't want to support you any more, try and get a job somewhere and earn enough for your keep until you are 18. You really are not in love with this man, and I doubt if he really loves you. If he does, he will be willing to wait until you are 18, and give you a chance to find out if you care enough for him to marry him by that time.

(2) It is not proper unless you really have some business to talk about.

(3) No, though a veil is almost too grown-up for a little girl like you.

(4) It's always best to tell mother where you are going and with whom you are going, and to ask her permission to go.

Dear Mrs. Thompson: I put peroxide on my hair because it was dark in some places and light in others.

Have I ruined it? If so, tell me how to remedy it.

TROUBLED JANE

The hair will grow out its natural color in time, and not worse for the experience. Constant use of the peroxide will make the hair coarse and dry and in time it will drop out.

Dear Mrs. Thompson: (1) If a boy breaks a date with a girl, should the girl mention it to him or should he apologize if he hasn't a reasonable excuse?

(2) Should a girl hold a boy's arm or a boy the girl's, at night?

(3) What will remove wrinkles in the forehead?

(4) What does it mean for a boy to squeeze your hand?

(5) What will remove a cowlick?

(6) When a boy likes you and you like him and he's too bashful to ask for your company, what must he do?

A. CONSTANT READER.
(1) Say nothing to him. He should apologize.

(2) She might take his arm if there is any real need of being helped, but ordinarily two young people are strong enough to walk alone.

(3) Stop the habit of wrinkling your forehead. Massage the wrinkles every night with a gentle rotary motion.

(4) That he likes to squeeze it, I suppose.

(5) Nothing. Persistence in training it a different way will help some.

(6) Wait for him to get up his courage to ask you. If he hasn't that much sand, he's not worth having.

ORIENTAL SCARES LOCAL HOUSEWIVES

Hamud Mostuffa, an oriental pedler, ran afoul of the law yesterday as a result of terrorizing housewives in the south and west and of town for the past few days. Mostuffa was taken to the police station and the patrolman of the day of the law. When the prospective buyer refused to purchase, the oriental is alleged to have refused to leave the premises. In many instances he made threats and in other ways intimidated the women. The police received complaints in regard to the man several days ago and had been on the lookout for him ever since. Mostuffa was captured yesterday afternoon and this morning paid a fine of \$3 and costs. He had a huge roll of bills on his person, and evidently did not fear starvation in case he did not make any sales.

DR. CARNETT ARRIVES TO ASSIST AT REVIVAL

The revival services at Edgewood Baptist church are creating much interest not only among the members of that congregation but among those who are fortunate enough to attend. Dr. D. P. Montgomery, the evangelist, preached last evening on three parables of the 15th chapter of Luke, his subject being "Danger; Worthlessness and Wretchedness." From this subject he drew many fitting lessons. When the sheep was lost it was in danger, as a sheep is incapable of defending itself and it has no home coming instinct; the lost coin, was white, lost, worthless and the young man who took the portion of goods which his

MRS. MANGES ESCAPES OPERATION

How She Was Saved From Surgeon's Knife by Lydia E. Pinkham's Vegetable Compound.

Mogadore, Ohio.—"The first two years I was married I suffered so much from female troubles and bearing down pains that I could not stand on my feet long enough to do my work. The doctor said I would have to undergo an operation, but my husband wanted me to try Lydia E. Pinkham's Vegetable Compound first. I took three bottles and it made me well and strong and I avoided a dreadful operation. I now have two fine healthy children, and I cannot say too much about what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. LEE MANGES, R. F. D. 10, Mogadore, Ohio.

Why will women take chances with an operation or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

father gave him and went out to "have a good time" soon became wretched. The shepherd seeking the lost sheep and the woman searching diligently for the lost coin give a picture of the seeking Savior and the father welcoming home the wandering son shows the solicitude of God as he waits for the people who are living in sin and unbelief to turn unto him. Dr. Montgomery made a powerful appeal and at its close a young man came forward to accept Christ.

Rev. F. W. Carnett, a noted evangelistic singer, came to the city last evening to participate in the services and to assist in leading the singing. He, together with Dr. Paul Montgomery, who also assists in leading the singing, is doing effective work.

Services are held every evening at the Edgewood church, corner Forty-fourth street and Fifth avenue and are preceded by a song service at 7:30.

quart of vinegar and any spices to suit the taste. If ground, tie in a cheese cloth bag and pour while hot over the cabbage. Seal in jars or cover tightly and it is good to use in a day or two. GREEN TOMATO PICKLES.

The Argus Daily Pattern

Wraps of tweed or velvet show equally modish lines.

Separate winter wraps are not the nondescript garments of some seasons ago, but in line and materials are quite as smart as the smartest gowns, showing the same general silhouette. The vogue of the one-piece dress is responsible for the awakened interest in these coats and for the subsequent novel designs and trimmings that have been called forth to make them attractive. Among the new materials is a heavy, snacking-like fabric resembling closely ratine. It is excellent for motor and general utility wear. Ratine is still a favorite, and most effective trimmings of suede are seen on many of the ratine models. Boucle is warm and serviceable for juniors and the soft woolens also in the warm, bright colorings so much used in sports coats this summer, the blues, scarlets and greens, are most becoming and suitable.

To copy No. 7982 in size 16 it will require 3 1/2 yards of 42 inch material. In planning school frocks for the kiddies matters are simplified if cotton fabrics are used rather than the woolen stuffs. These are easy to keep fresh and clean and under a warm coat may be worn in the coldest weather. 7982 is a design suitable for any of the cottons or for a serge. To make this little dress in size 8 it requires 3 1/2 yards of 36 inch material. Each pattern is 15 cents.

To obtain either pattern illustrated fill out this coupon and inclose 15 cents in stamps or coin. Be sure to state number of pattern and size, measuring over the fullest part of the bust for dimensions. Address Pattern Department.

CRYSTAL WEDDING OF REV. AND MRS. NEWLAND

SUNDAY MARKED THE 15TH OR crystal wedding anniversary of Rev. and Mrs. Thomas E. Newland and the happy event was most fittingly observed last evening when 500 friends were their guests. The reception was held in the Methodist church and the company gathered at 7 o'clock and spent a most happy and enjoyable evening. Rev. and Mrs. Newland were assisted in receiving and entertaining the guests by members of the official board and their wives, the receiving party being stationed in the parlor entrance to the auditorium. Mrs. Newland made a very pretty bride in her wedding gown of lovely white organdy trimmed in val lace. She carried an arm bouquet of bride's roses and wore a white rose in her hair.

The church was elaborately and beautifully decorated, crystallized leaves and flowers carrying out a pretty effect in all the rooms. In the opening between the various rooms were lattice work arches covered with crystallized white leaves with many tiny electric lights among them. On the chandeliers and railing were garlands of the white leaves. In the dining room the serving table had as a centerpiece a large bouquet of bride's roses and laid about the board were white leaves. At each end of the table was a large crystal vase holding an immense bouquet of white poinsettias.

A short informal program was given with readings by Miss Iva Pearce and Mrs. Faye Hough-McCarthy and musical numbers by an orchestra, which also gave a musical program throughout the evening.

Rev. T. E. Newland and Miss Lorenz George were married 15 years ago at the home of the bride's mother, six miles northwest of Bushnell by Rev. G. D. Hensell, a pastor from a neighboring parish. The romance which culminated in the marriage began when Mr. Newland was in charge of one of his first parishes, Walnut Grove, and where Miss George was the church organist, although at the time of their marriage Mr. Newland was pastor of the church at Bushnell. Mr. Newland was reappointed as pastor for another year at the First church by the conference which met two weeks ago in Galesburg and the affair of last evening was also made the occasion for extending of congratulations on his reappointment.

of the evening. A lunch was served in the dining room and each guest was given as a favor a small icicle to which was tied with a white ribbon a card containing the date of the marriage of Rev. and Mrs. Newland and the date of the anniversary celebration. In behalf of the members of the official board and Mrs. J. F. Robinson, C. E. Adams presented Rev. and Mrs. Newland with a beautiful cut glass water set and a large cut glass vase was the gift of the Harriett Henderson Memorial class of which Mrs. Newland is the teacher. The guests included besides the members of the congregation and friends of the First Methodist church, many ministers from the surrounding towns, and District Superintendent Alexander Smith was also a guest of the evening.
